To whom it may concern:

I am asking for an opinion on the subject of me working part-time for my father, Richard Baker. My father retired from the Department of Transportation and Development in 2014 and this year has started a construction inspection business, Baker HCIS, LLC. Baker HCIS has been sub-contracted by Hunt, Guillot & Associates, LLC, which was contracted by the City of Ruston to perform construction inspection services on various projects. The DOTD and Federal Aid Funds fund these projects. I am currently a Bridge Inspector 5 QA/QC for DOTD. I have been in this position for 1 year. Prior to this, I was a Bridge Inspector in District 04 of DOTD (Bossier City) for over 6 years. In the position of Bridge Inspector 5 QA/QC, I inspect in-service bridges that meet the FHWA requirements of being a structure, process paperwork that the district offices submit, and ensure the QA/QC standards are met. Working for Baker HCIS, I would be performing construction inspection services on various things such as installing storm drains, asphalt paving, sidewalk installation, and associated miscellaneous work.

Thank you for your help regarding this matter,

Anthony Baker

Bridge Inspector 5 QA/QC
